

Animal Behavior Advice in San Diego, CA

Bruno, Tutti, and Big. "We've had sessions!"

Unlock the secrets of your pet's mind with Brigitte Noel, offering animal behavior advice in San Diego, CA. Deepen your bond and enhance your relationship with your beloved animal friend through insightful communication.

Personalized Sessions for You and Your Pet

During your session, **Brigitte** will spend quality time with both you and your pet. Initially, she will engage in a fifteen-minute, attentive dialogue with your animal companion, capturing the silent conversation. Once this is complete, she will relay what your pet has communicated, creating a platform for discussion. You'll have the chance to consider your pet's needs and desires while Brigitte provides tailored suggestions

to help address them.

Her recommendations, based on the information shared by your animal friend, cover simple, practical steps you can take to improve your life together, as well as referrals to holistic veterinarians and animal health practitioners when necessary.

Holistic Care and Support

Brigitte is not only an expert in animal therapy, but she also focuses on creating a nurturing environment for your pets. She covers essential topics such as non-toxic pest control and convenient, preservative-free nutrition, including home cooking options. Furthermore, she offers her unique Elemental Wisdom custom blend flower essences to support and heal long-term emotional issues, ensuring your pet's overall well-being.

Therapeutic Sessions Tailored to Your Needs

The average session lasts an hour and a half and is therapeutic in nature. Fees are discussed in advance and may vary based on your specific situation and the number of animals involved. In most cases, a single session is sufficient. Each consult is recorded in digital MP3 format, and a link will be sent to your email for easy access via iTunes or Media Player.

Animal Communicator Services
